Dear Customer:

We value your business and wish to continue to be your supplier; however, we have made several attempts to resolve your past due balance without success.

You will be responsible for any fees associated with this action. In addition, your account delinquency will be reported to the credit bureaus.

If you have our cylinders in your possession, their replacement value will be added to your account balance.

Please see attached detail of past due invoices that remain unpaid.

Dear Valued Client,

We are writing to inform you about the enclosed invoice related to your Radiation Monitoring service.

As part of your service agreement, radiation monitors are required be returned to IC Care within 90 days following the conclusion of the wear period to ensure the smooth operation of our services and avoid additional fees. According to our records, the badges were not returned within the specified timeframe, resulting in the attached late fee. Fees related to lost or late badges are paid directly to the manufacturer. To prevent future late fees and ensure the continuation of your service, please return your monitors within the 90-day window after the wear period ends. Alternatively, ask your IC Care Distributor about the new line of Instadose badges that do not have to be returned.

If you have any questions or require further assistance, please contact IC Care customer service at:
Phone: (877) 477-5486
mail: info@iccare.net

Thank you for your continued business.
