Recurring Invoice for 20164-F - for the period 11/1/2025 - 1/31/2026

Billing FAQ

Why am I receiving this invoice before service has begun or before my next pickup? Our regular billing cycle is on the 1st day of the billing period. This is done in advance of your regularly scheduled pickup and helps ensure you receive invoices on a regular and consistent basis.

Why am I receiving an "over-allotment" invoice mid-month? An over-allotment invoice is issued if more containers are collected than your agreed-upon allotment. It details the service date and the number of extra containers, billed at the agreed rate. This invoice typically arrives 45-60 days after service but can take longer if there are delays at the treatment facility.

How do I prevent late payments and finance charges? The easiest way to avoid late fees is to sign up for our Auto-Pay service, which allows you to automatically pay your invoices with a credit/debit card or checking account that is securely stored. All payments will be emailed to you as a "Paid Invoice Receipt" for your records.

How are payments applied to my account? Payments will be applied per the instructions on the remittance provided with your payment. If no remittance is included, the payment will be applied to your oldest open invoice(s) first.

What happens if I am late with my payment? If satisfactory payment has not been made, a late fee may be applied to the invoice. Outstanding balances may be placed with an outside collection agency. The customer shall bear any costs that MedPro may incur in the collection of overdue amounts, including but not limited to reasonable attorney fees, court costs, collection agency costs, and administrative collection costs. Per the terms of your Service Agreement, MedPro reserves the right to suspend its services until any overdue amounts, including interest and collections, are paid.

Payment Options

Auto-Pay: Automatically withdraw payment from your bank account or credit/debit card when invoices are generated, ensuring payments are never late and eliminating the potential for late fees. Visit medprodisposal.com/autopay to learn how to sign up in the customer portal or call 877-302-8022.

By Phone: You can make a one-time payment from your bank account or credit/debit card in our online portal (medprodisposal.com/login) or by calling 877-302-8022.

Check by Mail: Return the top portion of this invoice along with a check payable to: MedPro Waste Disposal, LLC, PO Box 60197. Please allow up to 10 business days for delivery and processing.

Explanation of Billing Terms

Taxes: Taxes assessed by your state and/or local government and paid by MedPro to the appropriate agency.

Current Balance: The total amount due after applying all payments, credits, or additional charges received since the last bill.

Over-Allotment: Additional containers picked up beyond your allotment for the billing period, as noted in your Service Agreement.

Manifest: This document tracks the removal, transportation, and disposal of Bio-Hazard Medical Waste from your facility. It is signed by our driver and a staff member at your facility, verifying the total number of containers retrieved. A local copy should be kept on-site as required by state law. Digital copies may be viewed on the MedPro manifest portal: medprodisposal.com/login

Other Frequently Asked Questions

Our facility is producing more or less waste than originally projected. What do I do? MedPro wants to ensure you are getting the best-fit service. If your facility has a significant increase or decrease in waste production, we can adjust the frequency of service within the terms of your agreement. Call our Customer Advocate Team at 877-302-8022 to request a frequency adjustment.

How do I request additional supplies? Our drivers typically have additional regulated medical waste containers and bags available upon request. If you need a rush delivery of supplies, we can mail 3 containers/bags via standard mail or ship them overnight for an additional cost. You will be invoiced separately for this request.
